

OLAWALE KUDIRAT F.

BACKEND DEVELOPER

folawale119@gmail.com | <https://github.com/aramide119> | <http://olawalekudirat.free.nf/>

SUMMARY

A skilled and detail-oriented PHP/Laravel Developer with 2 years of hands-on experience in developing dynamic web applications and APIs. Proficient in PHP, Laravel, and modern web technologies, with a strong understanding of MVC architecture, RESTful services, and database management. Experienced in collaborating with cross-functional teams, optimizing code for performance, and implementing scalable, secure web solutions. Adept at problem-solving and passionate about learning new technologies to enhance functionality and user experience. Eager to contribute to projects that make a meaningful impact.

TECHNICAL SKILLS

HTML | CSS | Javascript | PHP | Laravel | OOP | API Development | Database Management |

Third-Party Integration | Version Control | Testing & Debugging | Collaboration & Communication

WORK EXPERIENCE

BACKEND DEVELOPER JUNIOR

2023 - Till Date

NCDF Holdings

- Developed and maintained back-end components of web applications using PHP and Laravel, ensuring scalable and efficient code.
- Collaborated with front-end developers and designers to integrate UI components with server-side logic.
- Built and optimized RESTful APIs for data exchange between systems and front-end applications.
- Managed databases, including MySQL, ensuring proper schema design, indexing, and performance optimization.
- Participated in code reviews, debugging, and troubleshooting to enhance system reliability and performance.
- Worked closely with project managers to meet deadlines and deliver functional, high-quality solutions.

BACKEND DEVELOPER INTERN

2022 - 2023

Heyswap

- Assisted in the development and maintenance of backend systems using PHP and Laravel, ensuring smooth integration with front-end components.
- Worked on API development for various services, contributing to the creation of scalable and efficient endpoints.
- Collaborated with the engineering team to troubleshoot, debug, and optimize application performance.
- Gained hands-on experience with database management and writing complex queries using MySQL.
- Participated in daily stand-ups, code reviews, and contributed to Agile development processes.
